

XMines

Last Updated Friday, 15 June 2007

XMines is a clone of the classic Minesweeper game, in which the player is challenged to uncover a set of hidden mines. XMines features:

- Native Cocoa interface.
 - Three difficulty levels - Easy (10 mines), Intermediate (40 mines), and Hard (100 mines).
 - Keeps track of best times.
 - Alternate tile colors.
 - Free! What's new in 2.1?
 - Free!
 - Universal Binary.
- Fixed some bugs. Requires Mac OS X 10.1 or later. [Download](#)
